Yell leaders urge Colts to victory

Did our letters come in? . . . What uniforms do we wear tonight? . . . We have to make posters after school? . . .

Cheerleaders here at Campus High School attended the N.C.A. Cheerleading camp which was held at the Rock Springs Ranch. They earned money through donations given and they earned money by running a firework stand at the corner of Broadway and 71 Street on the Fourth of July.

The awards the cheerleaders have received included the four blue Superior ribbons and they all received the "Spirt Stick" too.

The cheerleaders were in charge of organizing and conducting the freshmen cheerleading tryouts for the year.

They are also required to have at least three hours of practice per week. Pep assemblys and club organization are conducted by cheerleaders too.

Kayettes, Campus Life, involve students

Are there any more hamburgers left? . . . . They were all dressed up real scarey! . . . . We need more concerts to go to like that one! . . . .

What is Campus Life? It is a non-demoninational club of high school students throughout the United States. It is the high school branch of Campus Crusade. Its main purpose is to help people with their problems from a Christian point of view.

Tom Eastman served as president of the Campus High section of the club. Mr. Joe Hoover is the adviser. These two people along with the other members began their fall activities with an organized burger bash in Riggs Park in Haysville. They fed more than two-hundred people grilled hamburgers at the event. Also during the fall, the club again participated in sponsoring a spook house called "Scream in the Dark" at Halloween.

Every Tuesday all the members not only from Campus, but also from schools all over the Wichita area meet with Tony Rihart, the Campus Life director for this area.

There aren't enough chairs in here . . . . Will everyone please be quiet? . . . Hey! . . . Girls! . . .

Campus Kayettes Club is a member of the Kansas Association of Kayettes Club. It is a service organization founded to give girls a chance to improve their community and their nation.

The girls do service projects throughout the year and thus develop their individual personalities by helping other people.

In October the Kayettes received Lung Disease Posters which were distributed during November for the Kansas Lung Association. On October 23 the officers and Mrs. Marjorie Palmer, adviser, attended the Regional Conference at Circle High School in Towanda, where the group received the outstanding one thousand points award for the 1973-1974 school year.

In November the group sponsored a Daisy Day for students at Campus and then in December they had a Christmas party for underprivileged children.

During February the group sponsored Mom's night at a Campus football game and in sold and delivered singing Valentines.

New stadium site for Homecoming

Have you heard who's up yet? .... Are you wearing any type of long dress? ... I'm ready for the assembly ... Can't we rest for just one dance? ....

For the first time Homecoming was held in the new Colt Stadium in Haysville.

Last year's royalty Mike Ybarra and Tina Teschke crowned the 1974-1975 King and Queen, Sharon Stevens and Danny Mitchell.

The candidates were all driven up the field to the fifty yard line in two white Corvettes, a black T-Bird, a blue Challenger and a blue Porsche.

The queen and candidates were escorted to the end of Colt Stadium to a platform decorated in pink and maroon where they remained seated during the game.

"You and Me Against the World" was the theme of the dance which followed the game.

'Trouble' plays for royalty

"Nothing But Trouble" for the Queen of Courts this year. Don't take that literally. "Nothing But Trouble" was the band that played at the dance after the game with Winfield. Campus slipped by the Vikings winning by just one point. The only problem that arose was that Jack Jones, one of the nominees for King of Courts, was away at State Wrestling match. But David Nichols saved the evening by standing in for Jack. Everything else went smoothly, but with a lot of spirit, because the preceding week was spirit week to psych everybody up for the big events. Monday was Lick 'Em day and all the CHS students carried lollipops. Tuesday everyone went hat crazy for hat day and Wednesday everyone wore their freckles and pig tails for Fanny Farkle day. Thursday Campus was rock'n and roll'n for the '50's day. Friday February 14th Valentine's Day was have a heart day. Everyone was wearing a heart that day. That night was Queen of Courts the big event on Valentine's Day.

The Queen of Courts nominees chosen by basketball team and pep club were Brenda Button and Ronnie Becker, Tammy Crum and Kevin Maechtlen, Dava Ridgeway and Jack Jones. Ronnie Becker and Brenda Button were elected Queen and King, by the student body. Last year's Queen and King, Bambi Carlson and Steve Portz, crowned the new royalty. Queen of Courts Theme was "Lady" by Styx.

Lotus provides prom music

This year's Junior-Senior Prom was held at Hidden Lakes Country Club. The room was decorated in orange, green and yellow paper flowers. The juniors and Mrs. Bonnie Dowell were in charge of decorations.

"Precious Moments" was the theme for the prom. The evening was made a success by the band, "Lotus".

During the three hour dance Richard Renner announced the names of the Prom king and queen. Chris Spencer, junior attendant crowned Queen Jo Voelzke. King Robin Wagoner was crowned by junior attendant, Jenny Casmaer.

Pom-pon squads promote spirit

The Pom-pon Squads of Campus High School are to promote school spirit, to provide entertainment at all school functions, and to represent the school at special activities, such as community parades, band days, and the Cessna International Air show. The A-Varsity Squad was organized in 1961, the year that Campus High School was opened. This year's membership in A-Squad consists of five seniors and ten juniors. Captain of the A-Squad was Jo Voelzke. The B-Varsity Squad was organized in the fall of 1974, with membership including six sophomores and six freshmen. Pam Coppage is the captain. Membership is determined by try-outs before a selection board after completion of a three-day training clinic, held in the spring for A-Squad and in the fall for B-Squad. Both of the squads practiced an average of six hours every week. Members of the squad have to maintain grades of C or above in all subjects, and they are responsible for earning money to pay for their own uniforms and for summer training camp attendance.

The CHS Pep Club had a membership of 120 girls. The year started off with a Pep Parade in which the Pep Club participated. The Pep Club also was responsible for planning Homecoming and Queen of Courts. The Pep Club made signs before each and all games. They posted them on the buildings to support our teams during the year.

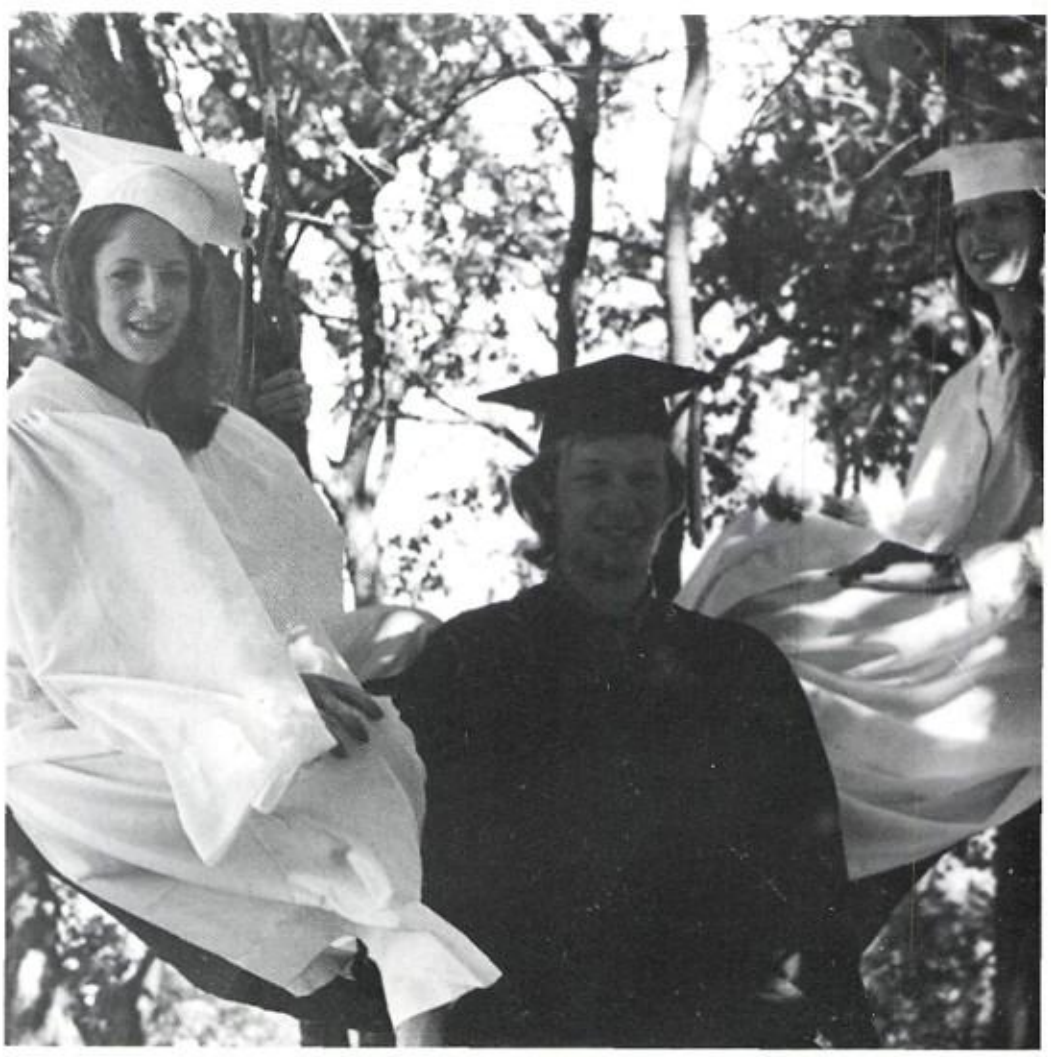
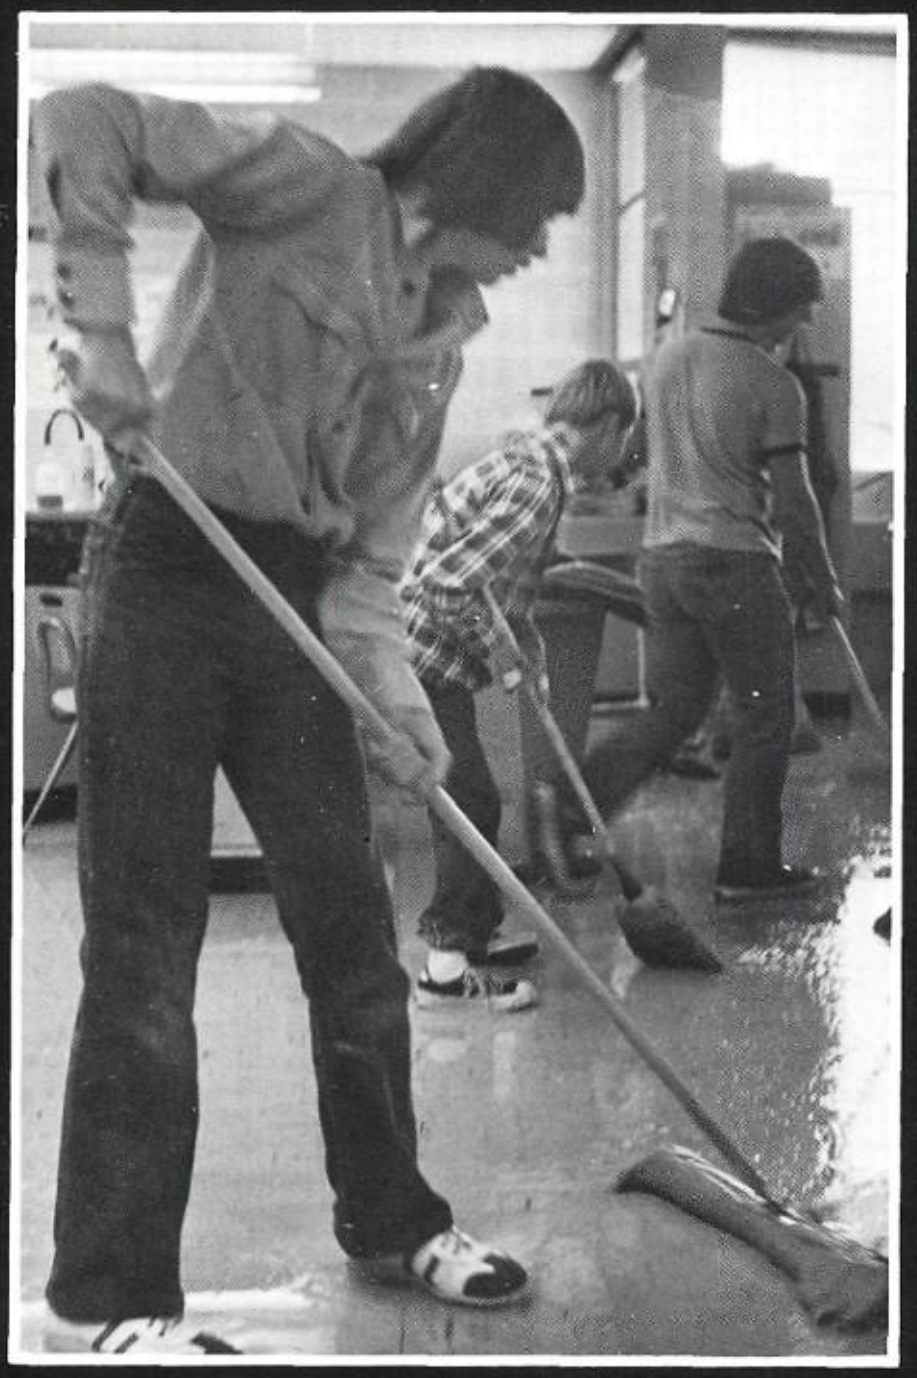
Commencement held outdoors

Don't walk so fast . . . Stay in line . . . Is it shake with the right hand and take the diploma with the left?

This year, baccaulareate services were held in the auditorium. The message was given by Rev. Lon McVeigh from the Assembly of God Church in Haysville. Steve Fox, '76 Stuco President read the scripture.

Commencement exercises for the first time were held under clear, blue skies at Colt Stadium. Barry Hughes, '75 Stuco President, Sharon Stevens, head A-varsity cheerleader and Keith Boyer, President of the class of '75 were the speakers. All three of the deliveries revolved around the belief of the late John F. Kennedy, "Some men see things as they are. I dream of things that never were and ask why not."





Academics

American History inescapable

Why do we have to take history? . . . I lost my notebook, it's death for me! . . . Who cares about a dumb book report anyway?

As a required subject for juniors, American History is inescapable. Mr. Leroy Griswold, Mr. Joe Murtha, and Mr. Wayne Valentine try to teach the class in a more interesting and appealing way.

Economics was stressed much more this year, due to the present outlook of the country on inflation and the recession, said Mr. Murtha.

Mr. Griswold and Mr. Murtha are in a team teaching situation which enables them to teach approximately fifty students each hour.

Giving the students a variety of studying methods, such as lectures, discussions, study guides and independent studies helps the students relate more to the subject said Mr. Valentine.

International Relations Club, sponsored by Mr. Murtha and Mr. Griswold held several discussions on countries and peoples, reporting on the different life styles.

The countries discussed included Germany and Mexico. Some of the military schools for dependents in Europe were also discussed.

Government required!

Not another study guide . . . My questions aren't finished yet . . . Why is this necessary for graduation? . . .

This year as in all years past, seniors, much to their chagrin, were required to take American Government to graduate. Mr. Robert Williams and Mr. Charles Black, government teachers, had the job of teaching apathetic students which is not easy.

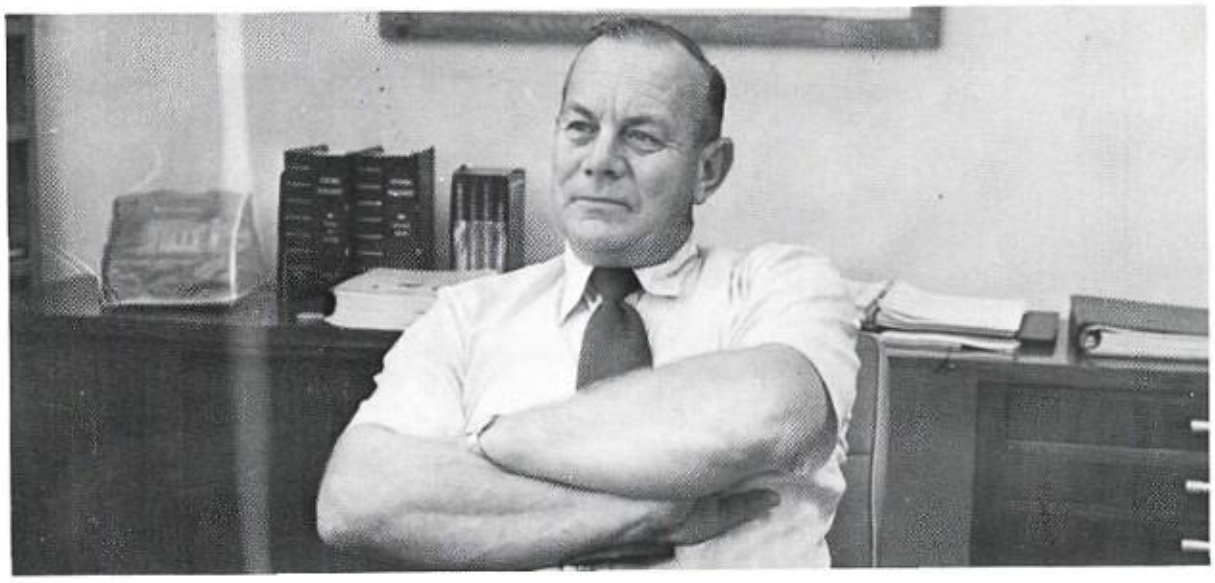
Despite apathetic students and hardworking teachers however, government is still required to teach students to become better citizens and be more understanding of political activities around the world.

$\frac{1}{4}\left|\frac{2}{3}\right.$ 1/ Mr. Williams grades the study guides from his senior government classes. 2/ Averaging grades is another tedious task and Mr. Black is not exempt. 3/ Students in Mr. Black's third hour, spend much of their class time answering questions out of the government book. 4/ Studying diligently, Mr. Williams fourth hour government class tries to complete their study guides on time.

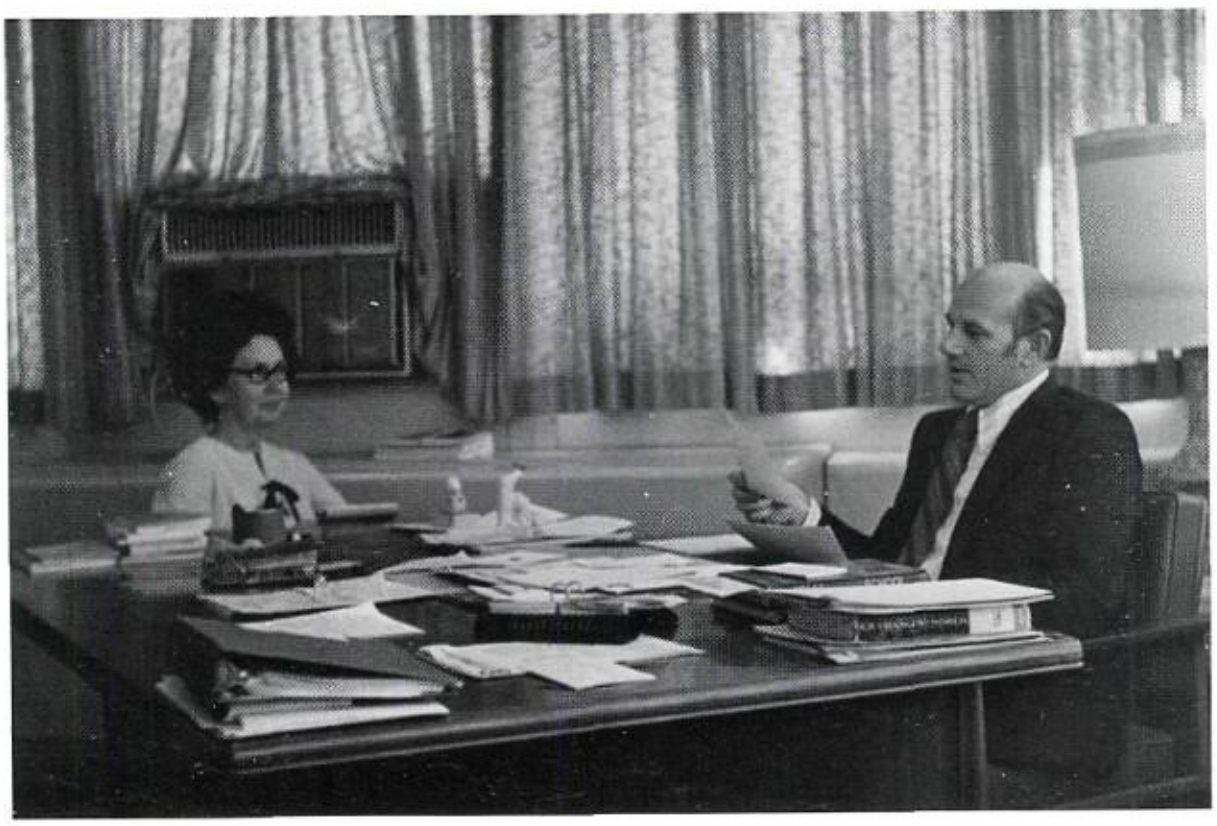
Administration, School Board Keep Stride

Who's in charge here? . . . Not the budget again . . . Do you have an excuse? . . . Where are these students supposed to be . . . How should we settle this matter? . . .

The administration of U.S.D. #261 is keeping in stride with the students. Many students feel that all the administration does is rule over the students and teachers, but this is not true. They work constantly, often many hours after students and teachers have left, improving school policies, solving student problems, and maintaining the budget.



1975, mid year of the '70's found it's students radically different from the students of the 60's. Local administrators explained their thoughts. 1/ Dr. W.H. Phillips, superintendent — I am of the opinion that the '70's are serving as an era of student involvement in governmental and other affairs. 2/ Mr. Virgil Combs, assistant superintendent — I feel the percentage of students seeking involvement by discussion, projects, and hands-on application of subject matter is increasing in the '70's. 3/ Mr. Don Layton, principal — In my opinion, students of the '70's are very similar to the students of the '60's, as far as student involvement is concerned. 4/ School Board members, Mr. Larry Goering, Mr. Gary Nichols, Dr. Harry Kouri, Mr. Carl Cooper, Mrs. Juanita McDermed, Mrs. Kathryn Compton work long hours to make a school program acceptable to students and parents. 5/ Mr. Carlton Allen, assistant principal — Students are again becoming more interested in social activities and working through organizations, students then carried out the plan. 6/ Orville Canaan, assistant principal — Most of the activities of the '60's were planned by the teachers, sponsors and parents and the students carried out the plan. 7/ Office secretaries, Mr. Juanita Farney and Mrs. Phebe Just, patiently await the throng of morning admit students.



Library Staff, Office Advisors Bring Relief

Someone answer the phone? ... Let's see, what are your plans for the next year ... Do you have change for a $100? ... I feel terribly ill ... How do you read a card catalog? ...

The counselors play a great part in the everyday life at Campus High. They help students with their personnel and academic problems. Many students feel that when a problem occurs they can talk freely to one of the four counselors. Three of the counselors work specifically with different classes, Mr. Arthur Johnson, seniors; Mr. Glenn Crum, Juniors and sophomores; Mrs. Margaret Markham, freshmen; while Mr. Russell Reeves does vocational counseling. Mrs. Hazel Whitehouse, is the guidance department secretary.

For research and book reports students find the library helpful in obtaining the information they need. Assisting the students is Mr. George Baird, librarian, and Mrs. Ruth Wisemen, library assistant.

Mrs. Roberta Bentley, the health nurse, keeps an eye on the students health through out the day. Mrs. Anita Barrett, cashier, collects money from the students for club dues, books, bus trips and other events.

1/2 1/ Counselors Mr. Russell Reeves, Mr. Arthur Johnson, Mrs. Margret Markham and Mr. Glenn Crum discuss school problems. 2/ Mr. George Baird, librarian, and Mrs. Ruth Wisemen, check the morning papers.

Work Crews Keep Campus Going Smoothly

What's for lunch today? . . . That's expensive for just a little bit of food . . . This tastes terrible . . . The bathrooms are sure clean today . . . Why aren't the lights on? . . . Who built the new sidewalks? . . .

Most students do not realize what really goes on in a day in the cafeteria. The cafeteria personnel do a great deal of work until 3 p.m. when the cafeteria is closed for the afternoon. During this time, the cooks prepare meals for about 1,116 students.

Neither do the students realize that custodial and maintenance personnel also play a great part in the every day life at Campus. They are in charge of keeping Campus clean and making sure that the equipment is working properly. Without these dedicated workers, our school would not be operable.

Spanish Students Promote Yearly Activities

Tu hablo Espanol ... Como se what? ... Who started this funny language? ... Where's Mexico? ... I wish I could understand what everyone is saying ... Who took my book? ...

There is never a dull moment in the Spanish class or club meetings. Mr. Kenton Allen is in charge of the Spanish Club and is also Head of the Foreign Language Department at Campus. He teaches Spanish to the students, and helps them become more aquainted with other countries.

Besides improving vocabulary and learning foreign customs, the students are busy throughout the year participating in many activities.

Seven Spanish students won High Honors in the Concurso — Spanish contest. During December students attended the annual International Dinner at the Cotillon in Wichita. Spanish and French Clubs from all the surrounding area schools participated in the dinner. Also during the month of December the club sang Christmas carols to the classes and in the Haysville area to raise money for KPTS- TV.

In the spring the club held a Mexican dinner and entertained visitors from Venezuela. Topping the activities for the year, was the annual Mardi-Gras sponsored by Spanish and French clubs.

French students participate As year's activities unfold

How do you pronounce that word again? . . . Another test! . . . I need your help Mrs. Davis . . . Spell that word one more time please . . .

French students find learning a language and participating in French Club activities a worthwhile experience.

French Club Can-Can Dancers performed at the annual International Dinner held in December. The month of March brought with it the French Concours, in which a number of French students participated. Again in April for the fifth year, the annual Mardi-Gras was sponsored by the French Club. The club also awards scholarships in foreign language to two deserving seniors.

With new books replacing the old, the French classes got off to a good start this year. French students were taught the language by an audiolingual as well as grammatical approach.

Cultural studies were also very much a part of their activities, says Mrs. Dorothy Davis, who has been teaching French since she came to Campus. She also has taught Spanish and Language and People, an English mini-course. This year was her first year with French classes only however.

Last summer Mrs. Davis received her Masters degree from Wichita State University. She is also in her second year as President of the Wichita Area Foreign Language Association.

New Film series provides empathy

Guten Tag Wie what? ... I just don't think I can say that correctly ... When can we practice our skit for the field day? ...

In German as in any foreign language, the end result most teachers look for is some empathy on the part of the student toward the people who use the language, said Mr. Norbert Schmeidler, German instructor.

Class activities which help to attain this end changed somewhat from last year. This year for the first time, two new film series were used.

German club is also an important part of the language. Activities this year included two Bratwurst Feeds. The club also held a Christmas banquet at Schloss Rhinestein.

The German Field Day, sponsored by the American Association of Teachers of German, was held April 26. Students performed in catagories such as poetry, monologue, skit and choral ensembles.

Industrial Arts offers skills

Industrial Education courses at CHS include Metals, Woods, Plastics, Printing, Mechanical Drawing, Auto Mechanics and Drafting.

Mr. Howard Barron, Mr. John Gingraux, Mr. Dick Palmer, Mr. Kenneth Slabach, Mr. Michael Crawford, Mr. Jerry Crossland, and Mr. Don Franz Industrial Education instructors, taught the various classes.

Each course began with a beginning class in each area and through the years students become more advanced in the industrial field of their choice.

This basis can lead to rewarding careers as mechanists, carpenters, printers, and other skilled positions.

Gym classes study sports for each season of the year

I don't care if it is snowing you're still going to run ... We will divide by classes and play bombardment, the sophomores will ... Hey, Coach, I lost my lock again ...

Although many students consider physical education as a definite threat to life and limb, two years of it are required.

The activities in gym closely paralleled the sports in season. During the fall, the major activities included flag and flicker football, during the winter students stayed inside concentrating on basketball swimming and volleyball, while in the spring they concentrated on track, tennis and softball.

Gymnastics Club, under the sponsorship of Mr. Richard Riggs and Mrs. Chelsea McCreery, spent club periods studying the sport which is almost as old as recorded history. Students in the club excelled in various skills ranging from the uneven bars to the trampoline.

Students enrolled in home economics had a chance to gain knowledge in several fields this year as the curriculum included family living, clothing and interiors. In line with the Equal Rights Amendment, the classes were open to boys.

Future Homemakers of America, one of many groups at Campus, had a very active year. The group participated in such projects as sponsoring a twelve-year old orphan girl from India, named Mary Prebha Balakrishman.

The club raised money by selling stationary letterettes.

Forty Campus students attended the district FHA meeting held at Douglas. In the spring they attended the State Conference in Topeka.

The club sponsored a poster contest and had such speakers as Cheryl Housk from Augusta High and Mrs. Gloria Forsyth from the Haysville craft shop. The members made lap robes from scraps for residents at Green Meadows Nursing Center. To complete the year two delegates and two sponsors attended the FHA Camp in Sterling, Kansas.

Students learn responsibility

How come there's blood on the steering wheel? . . . Who wiped out the side of the building? . . . Why is there grass in the bumper?

One of the most important classes offered the students at Campus High is Drivers Education. This class teaches students to handle a car and teaches them the actual reconstruction of a car after it has been torn down.

Throughout the year Drivers Education has been offered to any student age 16 or those who would be 16 before the year is completed. Most of the classroom work begins with students studying the handling of the car, learning of the reaction time, and road conditions before they start driving.

Drivers Education teachers were Mr. Roger Elberson and Mr. Jack Dickson.

Chess Club promotes sportsmanship

Let's play checkers . . . Guess who you're gonna lose to next . . . How did you lose when he had only a pawn left? . . . Wait a minute, that was a checkmate!

Chess was brought to national attention by the antics of Bobby Fisher, who this year lost the grand masters world championship title to the U.S.S.R. by default.

With a turnout large enough to make it impossible to play anywhere besides the cafeteria, the games were still important enough to merit total concentration.

Since there wasn't anything of real importance, except for an ego or two at stake, the games were played in a relaxed atmosphere.

Creative art students display projects

Who's clay is on the ceiling ... Where's my painting ... How do you draw a box ... Like your new finger painting ... Where's the teacher ... Who's stupid looking pot is this? ...

The creative talent of the fine art students was motivated by Miss Donna Bicknell and Mr. Larry Huffman who are also sponsors for Art Club. The art department and club is composed of students interested in art and willing to help with the groups community art projects. Students could enroll this year in Ceramics I and II, painting, craft, drawing and fundamentals.

The art club goal for the year was to encourage students to become better aquainted with the importance of art not only at Campus but throughout the world. At Christmas the club decorated the Haysville Post Office.

The art club students met once a week and worked on projects of their choice. In the spring the students sponsored a art show where students had an opportunity to display projects completed during the year.

Labs stressed for science students

You mean I actually have to TOUCH that frog? . . . Has anyone fed the monkeys today? . . . Hey. the bell can't ring yet, I'm not done with my experiment . . .

Labs and experiments in Science classes were stressed much more heavily this year than previously. Science teachers attempted to teach things the students would encounter rather than teaching toward college, said Mrs. Evelyn Hefley, science teacher. Less homework was given as Mrs. Charyl Winters felt the students learned more by discussing in class.

Field trips were taken this year to Wesley Medical Center, Vulcan Chemicals, and the Crime Lab. Mr. Joe Hoover took his physics class to Snap Back Photo.

Science classes offered to students included Biology G taught by Mrs. Hefley, Mrs. Winters and Mr. Terry Calendar, and Biology IIS taught by Mr. Calendar and Mr. Leland Unruh. Mrs. Hefley taught botany as well.

Mrs. Winters taught chemistry and physiology. Physics, basic science and introductory science were taught by Mr. Hoover. Mr. Calendar taught zoology while earth science was taught by Mr. Unruh.

Science club activities included planting tulips, jonquils and various other flowers around the CHS colt as well as buying new plants for the plant room.

Needle Arts Club provides experience

Where's my needle . . . Who took my pattern . . . Does anyone know how to do this stitch . . . What are we suppose to be doing . . .

Through the creative art area of needle crafts the Needle Arts club was organized to give the students the opportunity to share and participate in various needle art projects.

Activities included making stuffed animals for the childrens home. Also the club participated in making patches and string art projects for the Mardi Gras. Each member provided his or her own project to work on at the meetings.

Students learn of various jobs

Who's the speaker? ... Today we're having a speaker on environmental engineering, a trash collector ... I'm sorry we don't offer a speaker on how to marry rich ...

With the assistance of Mr. Reeves, the Career Exploration Club was organized this year for the students interested in careers of all areas. The club participated in a booth on careers at Century II during the annual road rally.

Many speakers have been sponsored by the Wichita Scouts to speak at club meetings. The speakers ranged from bookkeepers to doctors.

1/ Terry Trisler, David Charboneau, and Byran Clark listen intently to a speaker on architecture. 2/ Mr. Simions, from the local Boy Scouts Of America, and Mr. Reeves discuss the club program. 3/ Bill Fassnacht and Harley Adams question the speaker.

Office clubs provide jobs

This typewriter is broken ... Who's collecting the money for the candy ... Does anyone know what time it is ... How do you work this machine?

Office Education (OE) and Junior Office Education (Jr. OE) hold many opportunities for students that are interested in the office occupations in future years such as learning to manage an office, bookkeeping, secretarial work, filing, and many other business techniques.

Within the last few years Jr. OE was organized as a guideline for the underclass students wanting to participate in OE. The clubs participated in the State Leadership Conference at Emporia where three girls qualified in the national finals held at Chicago.

Business classes play an important part in the lives of the OE clubs and students at Campus. Classes provided for the students are typing, shorthand, bookkeeping, record keeping, office practice and machine, data processing, and business exploration. Teaching these business classes are Mrs. Marilyn Jones, Mrs. Lila Reekie, Mrs. Frances Maxwell, Mrs. Juanita Bernstorf, Mrs. Wanda Lindsey, and Mr. Russell Reeves.

Clubs gain high honors

Who turned the power off? . . . Where did everyone go in such a hurry . . . This machine is broken . . . I quit my job . . . What a hassle . . .

While attending regular classes, the Vocational Industrial Clubs of America (VICA) and Distributive Education Club of America (DECA) provided on-the-job training for students.

Highlighting the year for VICA was the annual trip to Pittsburg for the District II competition. Eight members placed and qualified for the state contest held in Topeka on April 11 and 12.

Under the supervision of Mr. Ted Eberle, the DECA members won "Chapter of the Year" at the contest held March 16-18 at Emporia.

Money-making projects for the clubs included selling candy and running concession stands during the break.

While planning projects and earning money, the students also studied the elements of salesmanship, contracts and other business procedures.

New machines new students

I wanna be first to run the new machine . . . We have to print the paper today . . . There's still an awful lot to be finished yet . . .

As well as printing the COLT SPECIAL, the CHS printing department, instructed by Mr. John Mishler, also did all the printing for school district #261 and for the school adminstration as well as commercial jobs.

The past year involved several changes. The print shop acquired two new machines, the CompuWriter and an offset press. Another significant change was the enrollment of 15 girls in the printing classes. The girls did typesetting and camera work and also ran the presses.

Mathematics offers variety

2+2 does too equal 5 . . . Why do we have to take this anyway . . . I finally figures it out! . . .

Mathematics courses at CHS included Math I, Pre-Algebra, Algebra I, Geometry, Algebra II, Trigonometry and Elementary Functions this year.

Throughout the year students found mathematics challenging as they worked to master quadratic equations, logarithms, along with oblique angles and word problems.

Students study psychology, sociology

What's a psychopath? ... Here now! Dont't wear that hat. It's not meant for long hairs ... Just because the lights are out, it doesn't mean you can sleep ... What color test do you want? ...

First semester psychology students studied the importance of conditioning, automatic response, and reflex response. With the use of a series of films they studied married life, social responsibility and the changes that take place as an individual grows from a child into an adult.

Second semester sociology students studied how social interaction affects people, both directly and indirectly.

With the assistance of Mrs. Marcia Gray, Mrs. Louise Herrington, and Mrs. Mary Ann Decatur the Students Action for Education (S.A.E) club had an outstanding year. Members of the club worked very hard throughout the year to achieve their goal of holding a state office.

Four of the Senior girls received scholarships and awards for teaching classes at Rex Grade School. The club participated in such money making projects as selling candy and stationary. They also ran the concession stand during the break.

Student Action for Education held their annual convention on March 21 and 22 when members were awarded scholarship and chapter awards.

English classes achieve goal

What did you make on the test? ... Where is everyone ... Spelled wrong? ... Another essay?

Composition took on a new look this year, as the program was changed to allow each student to progress as far as he could. This completely programmed course was written by the language arts faculty last spring and summer.

Other courses that were added to the English curriculum or changed included Stranger Than Fiction, Women in Literature, and Photo-journalism.

Regardless of title, the over-all goal of the class to help teach students to communicate.

National Honor Society, a group organized solely for the purposes of creating enthusiasm for scholarship, stimulating service and promoting leadership and character development, initiated new members second semester.

Members were elected by faculty, after being nominated on the basis of grade point average.

Activities NHS members took part in include tutoring student who needed help in their studies, selling booster buttons and working in the concession stand. The money the society earned was used to provide scholarships for graduating seniors.

Comedy opens Drama season

Curtains up in five minutes! ... Where's my costume? ... Are you going to the cast party? ... My make-up looks terrible ... Five minutes? ... WHO has butterflies? ...

The first play of the 74-75 term was "Don't Drink The Water", a comedy which drew almost record attendance for a non-musical play. The play was about a family trapped behind the Iron Curtain who took refuge in the American Embassy. It dealt with their attempts to escape, an unsuccessful love affair and many close calls with foreign diplomats. Rehearsals lasted 5 weeks and the play was then presented on November 7 and 9.

Performance snowed out

Where's Debbie? . . . Make Up! . . . This is it . . . Where's Debbie? . . . Are you ready? . . . Make up!! . . . Where is Debbie? . . .

"Little Mary Sunshine" by Rick Besoyan was the annual musical production at CHS, it was performed February 13 and 17 after a snow storm which greatly hurt their attendance netting only 575 people both nights. They rehearsed the play six weeks before presenting such leading characters as Captain "Big Jim" Warrington portrayed by Wint Brown, Corporal Billy Jester played by Keith Boyer, Nancy Twinkle portrayed by Zoe Burgess, and of course Little Mary Sunshine played by Debbie Johnson.

Playwrite works with cast

My costume doesn't look right . . . What's my cue again? . . . Somebody fix my make-up please . . . Oh my stomach is killing me . . .

The third play of the year, "Bless Me Father" by Craig Alpaugh was presented April 17, 18 and 20 in the auditorium.

The play is about two priests and the problems they encounter in their daily lives at the Holy Family Rectory. It is a zany comedy with mistaken identities, an interrupted love affair and a wild chase scene that involves the entire cast.

For the first time in the history of Campus drama department the playwrite worked with the cast on the production of the play. Mr. Alpaugh worked with the crew one week before the performance.

Actors in "Bless Me Father" included Keith Boyer, Scott Pegg, Teri Kerr, Tracy Wheeler, Deb Johnson, Jo Voelzke, Loretta Falkenberg, Tim Harrington, Tom Simpson, Mike Gaskins and Steve Smith.

Mrs. Nadine Charlsen directed the play with Edie Pfannenstiel as assistant director. Tom Simpson was stage manager and business managers were Richard Reed and Wade Reichmann.

1/ Father Charles (Scott Pegg) exasperatedly tells Father Richard (Keith Boyer) "Just hike the ball?" 2/ Father Charles and Father Richard have an important and serious discussion. 3/ As Father Richard flashes by, Mrs. Murphy (Loretta Falkenberg) and Susan (Jo Voelzke) stand in shock.

Thespians achieve goals

As the dramatics club at Campus High School, Thespians was active in several areas during the year. The club gave a Christmas show of improvisations of Christmas carols for the elementary schools in Haysville. The club also organized and ran the spook house at the Mardi Gras, and sponsored the Speech Banquet.

Membership in Thespians is gained by earning points from being in plays and working back stage. After ten points are earned, applicants must then write a letter explaining why they wish to join the international organization.

Orchestra entertains

Where's my rosin? ... Who's squeaking? ... My bow is broken! ...

The Campus High School Orchestra performed at various places through out the year including Green Meadows Nursing Home in Haysville.

The orchestra also went to the state music festival at Southeast High School and presented a spring concert. At Christmas the orchestra performed in a joint concert with the choirs.

During the first semester the orchestra was under the direction of Mr. Larry Saylor, however at semester, Mrs. Brenda Swartzlander a graduate of Wichita State University took over the direction of the orchestra.

Stage band gains skills

Who's got my horn? . . . Where's the new music? . . . We can't leave, were missing someone . . . I think we're late again? . . .

With a new teacher and new music, the CHS Stage Band sharpened their skills and improved much over previous years.

The Stage Band consisted of the most highly skilled percussionists, brass and woodwind players at CHS and was directed by Mr. Chris Coots.

Activities during the year included in which they participated the Jazz Festival at K-State where they received a "one" rating, providing entertainment at the Expo 75 at Cessna and performing in three CHS concerts.

I just can't hit that high note! . . . get rid of the gum, now! . . . Please let us sit down for this song . . .

The Freshman-Sophomore and Concert Choir singing groups kept busy performing before the student body and community members. The first concert of the '74-75' year was the fall concert. Both Concert and Freshman-Sophomore Choir performed. Both groups also entertained at the Christmas, winter and spring concerts. The Christmas concert was especially meaningful for the audience when the choir members came and performed while holding candles for special Christmas effects.

Rick Doerfer and Ken Strait were named at the spring concert as the outstanding students in music. The Freshman-Sophomore choir also gave a spring presentation at the Jr. High school in Haysville.

Campus Concert Choir rated a 2 at the Kansas State Music Festival held at Southeast High School.

Debate team gains members

But I couldn't have lost that round ... Hey, Mr. Cole, where's my file box? ... And quoting from the Thomasson-Wheeler Law Journal ... Hey Mike, I thought you didn't want to ride with Derby? ...

The Debate team had a very prosperous year as it ended the year with two first place trophies from the Greensburg and Fairfield Invitationals, three third place trophies from Winfield, Wellington and Chaparell High Invitationals.

Awards given to individuals within the school at the Annual Speech Banquet were: Debator of the Year, which went to Steve McFeeters, Novice of the Year, Melissa Word, and Most Inspirational Debator, which was awarded to Donna Barnett.

Forensics places well

My judge didn't even smile . . . I know he didn't like it . . . I made it into finals! . . .

This year the Campus High School Forensics team did quite well. Thirteen events went to the state forensics tournament at Kansas University. The one act play, "Box in Cox" took a first place trophy at Heights High School Invitational; and the team brought home first and second trophies from three other contests. Individual awards went to Mike Gaskins for best actor and to Steve Smith for best supporting actor.

Student council voices opinions

Ok now . . . Let's get started . . . Is there any new business? . . . Any volunteers? . . . Another committee . . . Let's take a vote first . . .

Student council officers began the year with high hopes and plans. They worked on resolutions on a smoking lounge, open lunch and other issues.

They found themselves battling to become a forum for student opinion in an atmosphere of absenteeism and student apathy. The council did succeed in making a presentation on a smoking lounge to the parents and school board.

News staff works hard

Who's got the rubber cement? . . . Did anyone ever get that story written? . . . The paper can't be late again . . .

With short deadlines and long assignments the "Colt Special" staff worked hard this past year to publish the school paper.

While the staff enjoyed publishing the "Colt Special" they also learned a great deal and improved their style.

Printing of the paper was changed from last year use of both cold and hot type, completely to cold type, no longer forcing the staff to use compressed headline type.

Yearling staff improves style

Where's the picture stamp? ... When will my pictures be done ... They haven't been taken yet? ... Don't any of these typewriters work?

With modern techniques the Yearling staff strived to achieve a higher quality yearbook than that of previous years.

The staff adopted mosaic layout which placed all copy and white space to the outside. Hand-printed headlines also were a new innovation which were used to carry out the theme of individuality.

Spot color and special effects planned by Cindy Stearns, editor, added a touch of novelty to the Yearling. The staff also printed its own pictures which were larger than those previously used.

The most important improvement was the more complete coverage of school activities.

Colts plagued With injuries

Hey, Hoss ... Time for pull-ups ... I'm going to be sick tomorrow ... Not me, I'm not running a mile ... Come on Seniors, let's win our last game!

They did just that, in fact remember the last three games, they were close ones, but winning is what counts.

The Campus Colt Varsity Football squad ended ther season this year with an overall record of 4 wins, 5 loses, 3-4 in the league. As the season started the going looked rough for the Colts, then they were lifted by a victory over Newton.

The roughness really showed as injuries hurt the Colts at the beginning of the season. Ron Becker was laid up in the hospital with an injured back, Dan Sebastian with an injured knee, Greg Kaul suffering a leg injury, and many others.

As the season moved along, the Colts began doing what people knew they could do all along, win games. The last three games were victories with only one coming on their home field.

Anyway it's over and the seniors are gone, but there are people to fill their spots, and the Varsity squad will be looking for their fourth straight victory next year.

Young Colts earn experience

Campus High School is struggling to build a winning football tradition. The teams have had problems stemming from lack of interest and proper football background to coaching changes. Injuries haven't helped the situation as freshman quarterback Doug Jac. can testify. No matter what the reasons, the ones that decide to play the game deserve a substantial amount of c edit. To run, block, and tackle in conditions ranging from unbearable heat to moments of mud running through your helmet lining takes a person of unusual nerve. To feel the unforgettable pain of getting speared while its 28 degrees outside and then feeling the hot breath of an outraged coach standing beside you wanting to know why your block didn't knock down three defenders instead of one.

But at last their hours of practice paid off in the pleasure of winning. The sophomore team ended the season with an even slate of 3-3. On the other hand, the freshmen squad slipped the .500 mark, finishing the 1974 season with a record of 2-5. Names like Chrisman and Elliot were heard throughout the year. The teamwork and individual performances of these teams have provided fun, excitment, and hopefully a start to a very lucrative high school career.

Girls' sport offers excitement

The advent of girls' sports in most area high schools have given girls a chance to excell in much the same way boys have. It has provided an opportunity for the players to compete in interscholastic activities that were in the past limited to Pep Club.

The girls volleyball team had a rather disappointing second season. The "A" Varsity squad finished the season with 0-7 record. Although the "A" team had their problems, the future holds a brighter outlook as both the "B" and "C" teams had winning records.

Even though the girls didn't have an outstanding win-loss record, the experience and good times shared outlasted the dismal season. Their problems made the team seem as though they were giving their best with every missed spike and forgotten defensive assignment that plagued them.

Colts fare well, surprise many

Hey, Baker, quit cutting the course . . . Chubby, let's play basketball . . . We're going to skip practice, let's go get some doughnuts . . . Stay out of the popcorn, Noordhoek.

So went some of the more humorous aspects of the 1974-75 Cross Country season. It was the lighter side of a sport that many people take for granted. While most are focusing attention on the gridiron, what does the cross country runner do? He starts by waking up at 5:30 in the morning to get to practice by 6:00 a.m. This morning practice is usually taken up by a refreshing jog, dodging cars, potholes, and fighting the evils of Kansas' winds. It takes a rare kind of determination to eat cold rice covered with sugar and milk at 7:30 in the morning after you've already run three or four miles with a rowdy game of barnyard basketball thrown in. Also knowing you have to come back after school is no happy thought after having to run about 12 miles.

That the Colts finished fourth in the AVL meet, fourth in the regional meet, and tenth in state competition was a pleasant surprise to Colt supporters.

Senior Captain, Robin Wagoner took top Colt honors with a 17th place finish at State competition. His teamates had never run in State competition before but this year fared quite well as Victor Noordhoek took 33rd, Tim Mahoney, 36th; Lyle Noordhoek, 50th; Wayne Baker, 72nd; Tom Berry, 80th; and sub Chris Stewart placed 82nd. All but Wagoner, Lyle Noordhoek, and Baker will be back for next years, hopefully winning season.

"This years team was smaller in number than any other year, but I could really appreciate the amount of effort put out by the runners", Coach Leon Stranathan said. Also some returning runners show promise for the coming year.

Colts take 2nd in AVL

Barton, pay attention . . . Get out of my shower . . . Stay on your feet Kuhn . . . What, another line drill?

Four and a half months of zones, traps, and presses have developed the minds and bodies of the players, coaches, and fans during the '74-'75 basketball season. Providing different kinds of entertainment for the observers and participants led to the success of the team, and its fine 13-8 record. Learning to laugh with a fellow teammate who has just forgotten part of his uniform, or listening to the Lettermen's Club and their original cheers, or holding back the rage you feel when you tell the ref that you blocked the shot is all part of the game.

Through all the stray elbows, harsh words, and missed defensive assignments, the Campus Colts did have an excellent season. They finished in a tie for second place in the Ark Valley League and came in as the 10th ranked Class 4-A school in the State. Coach Paul Schuler and company capped off the campaign by garnering the runner-up sport in the Regional Tournament. In a game that will hardly be forgotten, the Colts fell to the Carroll Golden Eagles 63-58 in front on the home town crowd.

Senior Ron Becker led the Colts throughout the year as he displayed his talents on both ends of the court. Becker was named to the first All-State and Ark Valley teams as well as being chosen as the Wichita Eagle and Beacon Player of the Week and as the most valuable player in the Ark Valley League. In addition, Becker, along with Vic Noordhoek and Hubert Hunt, were named to the Prep All-American team. Senior Steve Dent also took home honors by winning the State Free Throw Contest by canning 23 out of 25.

JV's cop best record

Where are you supposed to be Hill . . . I wish he wouldn't throw that clip board as hard as he does . . . All right, run through the shuffle offense again until you get it right . . .

Harshness may be the answer to winning season. Some of the players on the 1974-1975 Junior Varsity Basketball Team will tell you so. The JV Colts ended a winning season, 12-4 overall and 10-4 in the league, with a winning effort against Wellington on the Colts home court.

With Junior Vic Noordhoek, and Sophomore Scott Griffin from the starting lineup of this years Varsity Club, the Colts could put together another A-Varsity winning season.

This year's sophomore club ended the season with a record of 7-10. "Coming off a 0-12 record for last year, we improved considerably," said Coach Dick Palmer.

Freshmen, divided up into two teams, A and B had records of 4-8 and 3-3 respectively.

Matmen send five to State

Kercher, you're too high ... Stay out of the candy you guys ... He looks like a toothpick ... All right, eight count for everybody!

Sounds and situations of high school wrestling, a sport that calls upon precision as well as brute strength. A sport that also serves as an almost guaranteed method of losing weight.

Through all the sweat suits, two-hour workouts, and salads, the Colts sent five wrestlers to the state meet at Junction City. Steve Randall, Jack Jones, Rod Rodgers, Eddie Kercher, and Ronnie Evans represented Campus at the State's most elite tournament.

A bright new beginning should be ahead for the Colts in their wrestling future. Experience gained this year and having the majority of "A" Varsity wrestlers returning gives the Colts renewed hopes. The Brickley brothers, the Elliotts, Lester Adcock, and Sam Konkel will carry much of the Colts strength for the upcoming 1975-76 campaign.

Gymnasts attend State meet

Four gymnasts from Campus High School capped off excellant seasons by capturing berths in their respective State Tourneys.

The girls team ended this season with a win loss record of 2-3 in dual competition. In the Ark City Invitational they placed second.

Jenny Casmaer and Diane George were the only two girls who qualified for state competition. Jenny placed fifth at Regionals and tenth at the State meet. Diane qualified for state with a sixth place finish at Wichita South High School.

The boys also sent two gymnasts to the State Meet, held on April 15, at Olathe.

Senior Randy McCutcheon and junior Jim Hudson made the trip along with head coach Richard Riggs. Both boys competed in the same event — the still rings

McCutcheon, an all-around gymnast during the regular season, finished in sixth place among the State's premier gymnasts. Hudson's routine brought him an eighth place finish.

Finmen have 6-5 season

Campus High's boys swimming team ended their season with a 6-5 win-loss record. Five of the wins came against 4-A schools and the others against 5-A competitors.

Victims of the Colts included Emporia twice, Topeka West, Coffeyville, Manhattan, and Wichita Heights.

One of the highlights for this season was the Campus upset of Wichita Heights by the score of 42-41. Heights was ahead with one event to go — the 400-yard freestyle relay. But, the Colts came back to place first and take the meet.

Lyle Noordhoek, Mike Dunn, Brett Beal, Scott Love, Wayne Deaver, and Jerry Jones competed at the state meet in Manhattan this year. Jones placed twelfth in backstroke, Noordhoek took sixteenth in the 500-year freestyle, and in addition set a new Campus record at 5:36.8. Love placed eighteenth in the 100-yard butterfly.

The 400-yard freestyle relay team of Deaver, Dunn, Beal and Noordhoek took fifteenth, while the 200-yard medley relay team placed seventeenth.

Colts fall 2-17 for year

Take a long lap, you're late ... Can't you slide, Hudson ... Get that out of my sight! ...

Head coach Don Harmison and his Colts began the season as defending Ark Valley League champions. Afterwards the Colts were 2-17 and found themselves in the cellar of the five team league. Errors and mental mistakes made dugouts seem more like a morgue and outfields like the tundra.

Fly balls dropping like the players were dodging land minds wasn't the whole story, however. Many promising newcomers arrived giving Harmison a brighter future than past. The sophomore class came through with numerous players who brought the Colts much of what little success they enjoyed. Pitcher-third baseman Robert Adams had a fine year along with shortstop Jim Hartman and outfielder Jeff Darr.

Gary Charles led the juniors and came on to be the Colts most consistent player. Charles was named to the first team All Ark Valley Baseball squad as a catcher. He overcame a bad start to finish hitting at a .290 clip.

Seniors were few in number, however, as only four were around at the end of the season. Fred Mason, Ron Brewster, Bud Wade, and second team All-Ark Valley first baseman Hubert Hunt made up the senior corps.

Balanced squad lead tracksters

Let's work on hand-offs tonight ... Be sure to put the pit up, Adams ... Where is a baton? We run in two minutes ... The humidity is awful high today ... Fox, you're supposed to go over the hurdles, not around them ... Get to work Wagoner ... All right girls, quit flirting with the guys ...

So went the track season of 1974-75. The Colt squad ended the season taking six athletes to the state meet at WSU: Seniors Doug Adams, Tom Eastman, Robin Wagoner, Wayne Baker; Juniors Phil White and Victor Noordhoek. White and Noordhoek, the only two taking medalists honors, took two fifths respectfully in their events.

Ups and downs were part of the Colts year, being able to get enough points to win only one meet. The squad is losing only eight Seniors and most likely will have most of the squad back for next year.

The girls' squad is losing only one senior and is going to be a young and hopefully a winning team next year.

This year the girls worked very hard every day. It showed, and they impressed the first year coaches, Mrs. Sherrie Brosseau and Mrs. Mary Ann Decatur. The girls started off slowly, rarely placing in a meet, but came on strong later in the year placing second and third in some meets.

Team wins, Nichols leaves

Don't throw your club, Mark ... Tell Nichols to quit messing around ... You guys play golf all day long? ...

Many people would find it strange spending so much time running after little white golf balls. Why spend a couple hundred dollars on a set of clubs you have to carry around for two or three hours? Wouldn't it be easier just to throw the ball at the hole? Besides, who wants a ball with little dents all around it?

To a golfer, these questions would be absurd. Golf has all the ingredients of sport, from the tension of missing a short putt to the surprise of a hole-in-one. In addition, the success and defeat experienced by the Campus High Golf squad also projects some of the true meaning of sport.

Head Golf Coach Richard Riggs and his golfers experienced many types of pleasures and disappointments during the 1975 season. The two-man team of Mark Eldridge and David Nichols had the distinction of being the only Campus team to win the Ark Valley. The Nichols-Eldridge combination proved to be a winning one in more ways than one. They contributed both leadership and attitude necessary for a successful team. On the other hand, Campus' four-man team did not fare so well. The team of Bret Clark, Richard Free, Chris Spencer, and Fred Cohlmia had their ups and downs but gained much experience for the future.

Riggs will lose one player to graduation, David Nichols. The senior captained this year's squad.

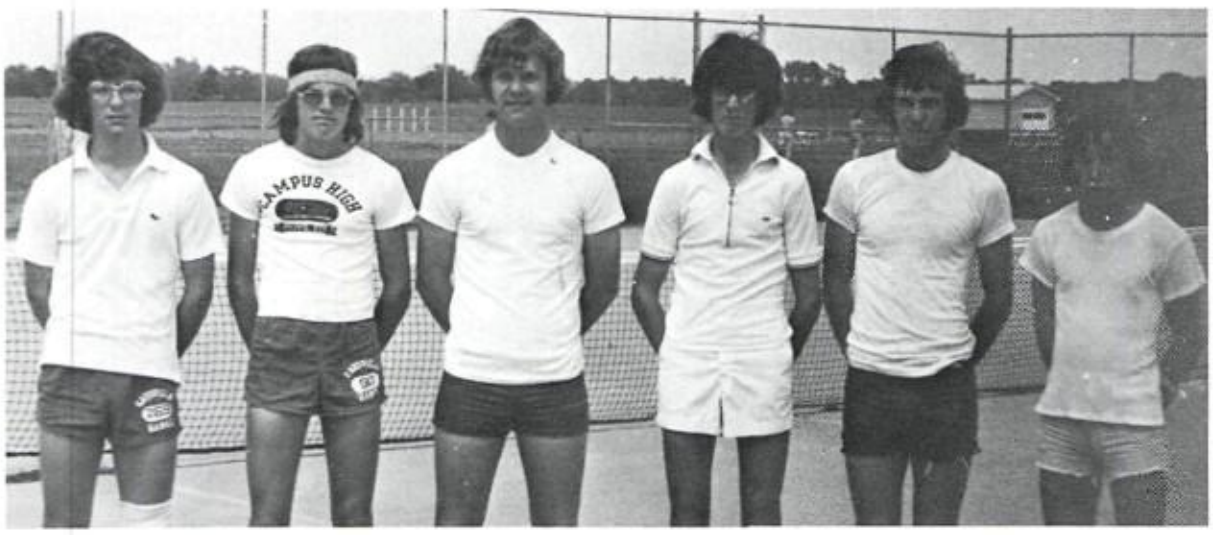
Cunningham, G. Hiser. 2/ Captain David Nichols examines his swing during an idle moment at practice. 3/ Junior Mark Eldridge tees off as he sets to drive the ball down the fairway. Eldridge and Nichols teamed up to lead the Colts during the '75 season. 4/ Team members relax while lounging on "the Goose".



1/ Boys and Girls Tennis teams, BACK ROW: Dwayne Richards, Jim Hunt, Jerry Hoppock, Mike Phipps, Dave Sparks, Barry Hughes. SECOND ROW: Richard Zimmerman, Wayne Wentling, Doug Jack, Dave Fox, Harley Adams, Marc Wolf, THIRD ROW: Ron Huffman, Ricky Richardson, Leonard Shockey, Joe Huffman, Gary Pierce, FRONT ROW: Elaine Teizen, Sharon Smith, Nancy Meyer, Kathy Flook, Lisa Youngers. 2/ The doubles team of Hughes and Zimmerman attempt to retrieve a volley from an opposing team. 3/ A-Varsity members Sparks, Pierce, Hunt, Hoppock, Hughes, and Zimmerman pause during an afternoon practice session.

Hughes leads

Concentrate, Zimmerman ... Bend your knees, Hunt ... Wow, look at that tan ... Get to work, Hughes ...

Tennis is like most games — you get out of it about as much as you put into it. While many are just hackers, the Campus High Tennis teams have found many uses for those little bouncy balls.

One may be surprised by some of the diversions found by Coach Wayne Valentine's netters to get through practice. But, whether they're hitting down the baseline or at each other, fun was still the name of the game.

Enjoyment through a specific purpose made the tennis season something more than a good way to get out of school. The players experienced many situations, good as well as the bad. A kind of loose unity was displayed thoughout the year.

Seniors Barry Hughes and Richard Zimmerman led the team and performed as the number one doubles team. The team took home numerous medals and gave the team some needed experience. Sophomores Jim Hunt and Gary Pierce held down the number two doubles spot, giving the Colts much to look forward, too. Junior Jerry Hoppock and Sophomore Dave Sparks make up the remaining varsity squad.

Seniors give scholarship

I've got a special map for you Murrow . . . I'm glad I only go four hours . . . How many days until graduation?

This year's senior class held a dance in February, featuring the band Mariposa. Proceeds from the dance helped finance the senior class banquet at which time college scholarships were awarded to deserving seniors. This was the first time a Campus senior class has given a scholarship to top students.

Junior class keeps active

I flunked my history test ... I can't wait till next year .. We've got to get these flowers finished ... Where are we going to get a band?

The junior class kept especially busy this year, its one big project being the Junior-Senior Prom. The Prom is by tradition the Juniors gift's to the Senior class. Fund raising projects included concession stands, the sales of Christmas candles, and the Second Annual Chili Feed.

1/ Junior class officers, Kelly Schreiber, Connie Lewis, Wendy Stockton, Kathy Maechtlen, Leissa Youngers, and Steve Holt. 2/ Junior class sponsers Mrs. Bonnie Dowell and Mr. Joe Fehrmann look over invitations for the prom. 3/ The Prom decorations committee, Kristi Jacobs, Debbie Dearth, Mrs. Dowell, Dawn Warrington, Peggy Walker, Carla Cooper, and Michelle Cox add the finishing touches to the decorations.

Sophomores face tradition

I'm sure glad I'm not a freshman anymore ... Where's the old C building gang? ... Leave those freshmen alone ... just think, after this year only two more years, far out! ...

This year's sophomore class faced new experiences as well as the old ones, such as another year of physical education, mathematics, and biology.

The sophomore girls were outstanding in the gymnastics meets and the class won the spirit contest. Don George won the Favorite Man on Campus Contest, sponsored by the German Club.

All in all, the sophomores had an enthusiastic year and are ready for the big step up to juniors.

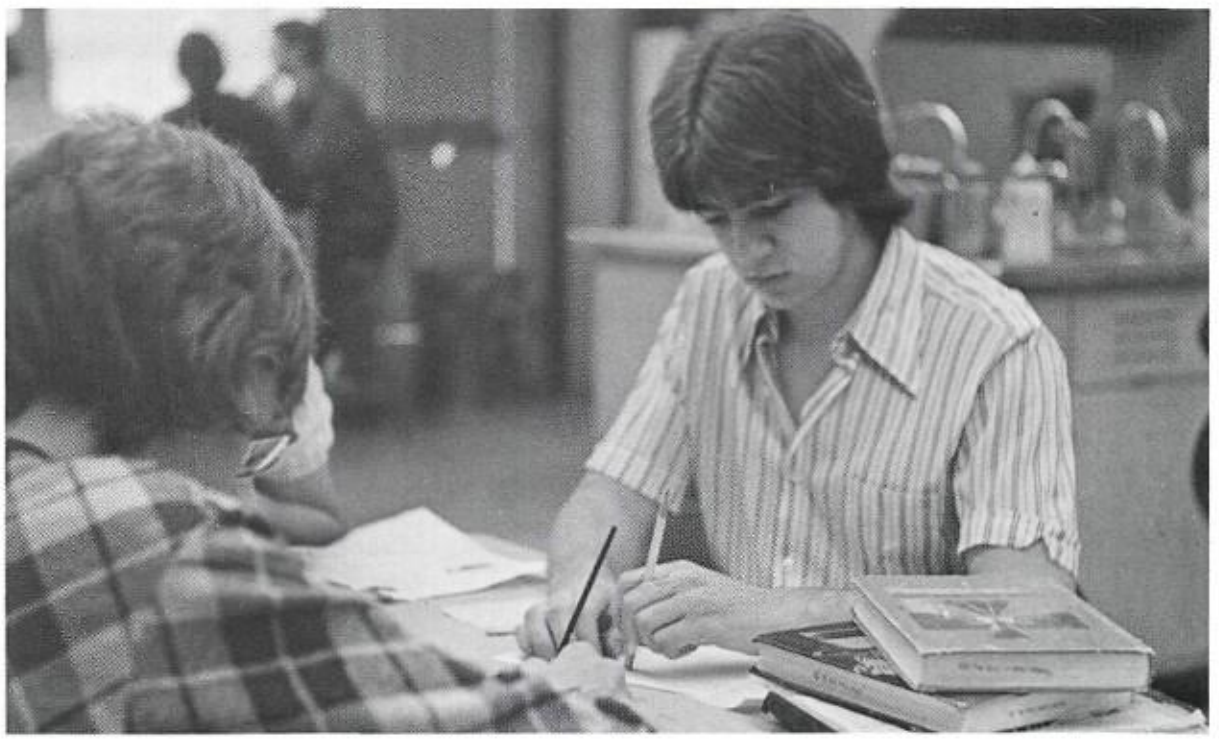
Freshmen enter CHS

Those Seniors really think they're cool . . . That's because they are . . . I can't get my locker open . . . What hall is this? . . . I'm never going to get the hang of this . . .

This is what they've been waiting for all their lives, what they've read about in books and heard talked about by older brothers and sisters — high school.

Freshmen face such problems as: being initiated and hassled by upperclassmen. Some have the feeling of not being quite in the middle of things, but their fears soon fade as they begin to get caught up in the activities of high school life. Football and basketball games, pep assemblies, concerts, plays and dances. The beginnings of four years that will be the most remembered years of their lives.



1/ Freshmen busy at work David Goss, Danny Meyer and Joe Huffman. 2/ Freshmen class sponsors — Mr. Robert Cairns and Mr. Leland Unruh. 3/ Richard Reed and Wade Reichmann find working together easier than working along.

For repair work on your typewriter, go to RICHARDSON TYPEWRITER SERVICE where everyone is willing to help.

Now you can go

PROJECT **ahead** to College in the Army.

If you're short of funds for college, this can be your big opportunity!

You'll receive up to 75% of tuition costs for accredited college courses taken during your enlistment. You may even choose your "alma mater", from over 800 colleges and universities enrolled in Project AHEAD (Army Help for Education and Development).

Want to know more about how you can go AHEAD to college in the Army?

See your nearest Army Representative:
U.S. Army Recruiting Station
316-318 E. Harry, Wichita, KS

N.J.'s Datsun

We found a bed long enough for Too Tall Jones.

Introducing Datsun's 7 ft. Li'l Hustler Stretch.

Now you have a choice of two Datsun Pickups: one with the standard 6 ft. bed, and this new Li'l Hustler Stretch with the extra long 7 ft. bed. Gives you more room for business, sport and camping.

Relaxing on the 7 ft. bed is Too Tall Jones, 6'9" defensive end of the Dallas Cowboys. There's plenty of room, even for him.

You get lots more in the Li'l Hustler Stretch:

■ Larger, 2000cc OHC engine. ■ Great gas mileage. ■ 4-speed stick shift, or optional 3-speed automatic. ■ Torsion bar front suspension. ■ Rugged two-stage rear truck-type suspension. ■ A long list of other no-cost extras.

Choose the 6 ft. or 7 ft. bed. They're both Datsun Li'l Hustlers. **America's #1 Selling Small Pickup.**

IN MEMORY OF:

David Kirtley, a young person who fought a battle with leukemia, but lost. A person who never gave up at anything and always had the willpower to try. Those who knew him will always remember the ambitious young man.

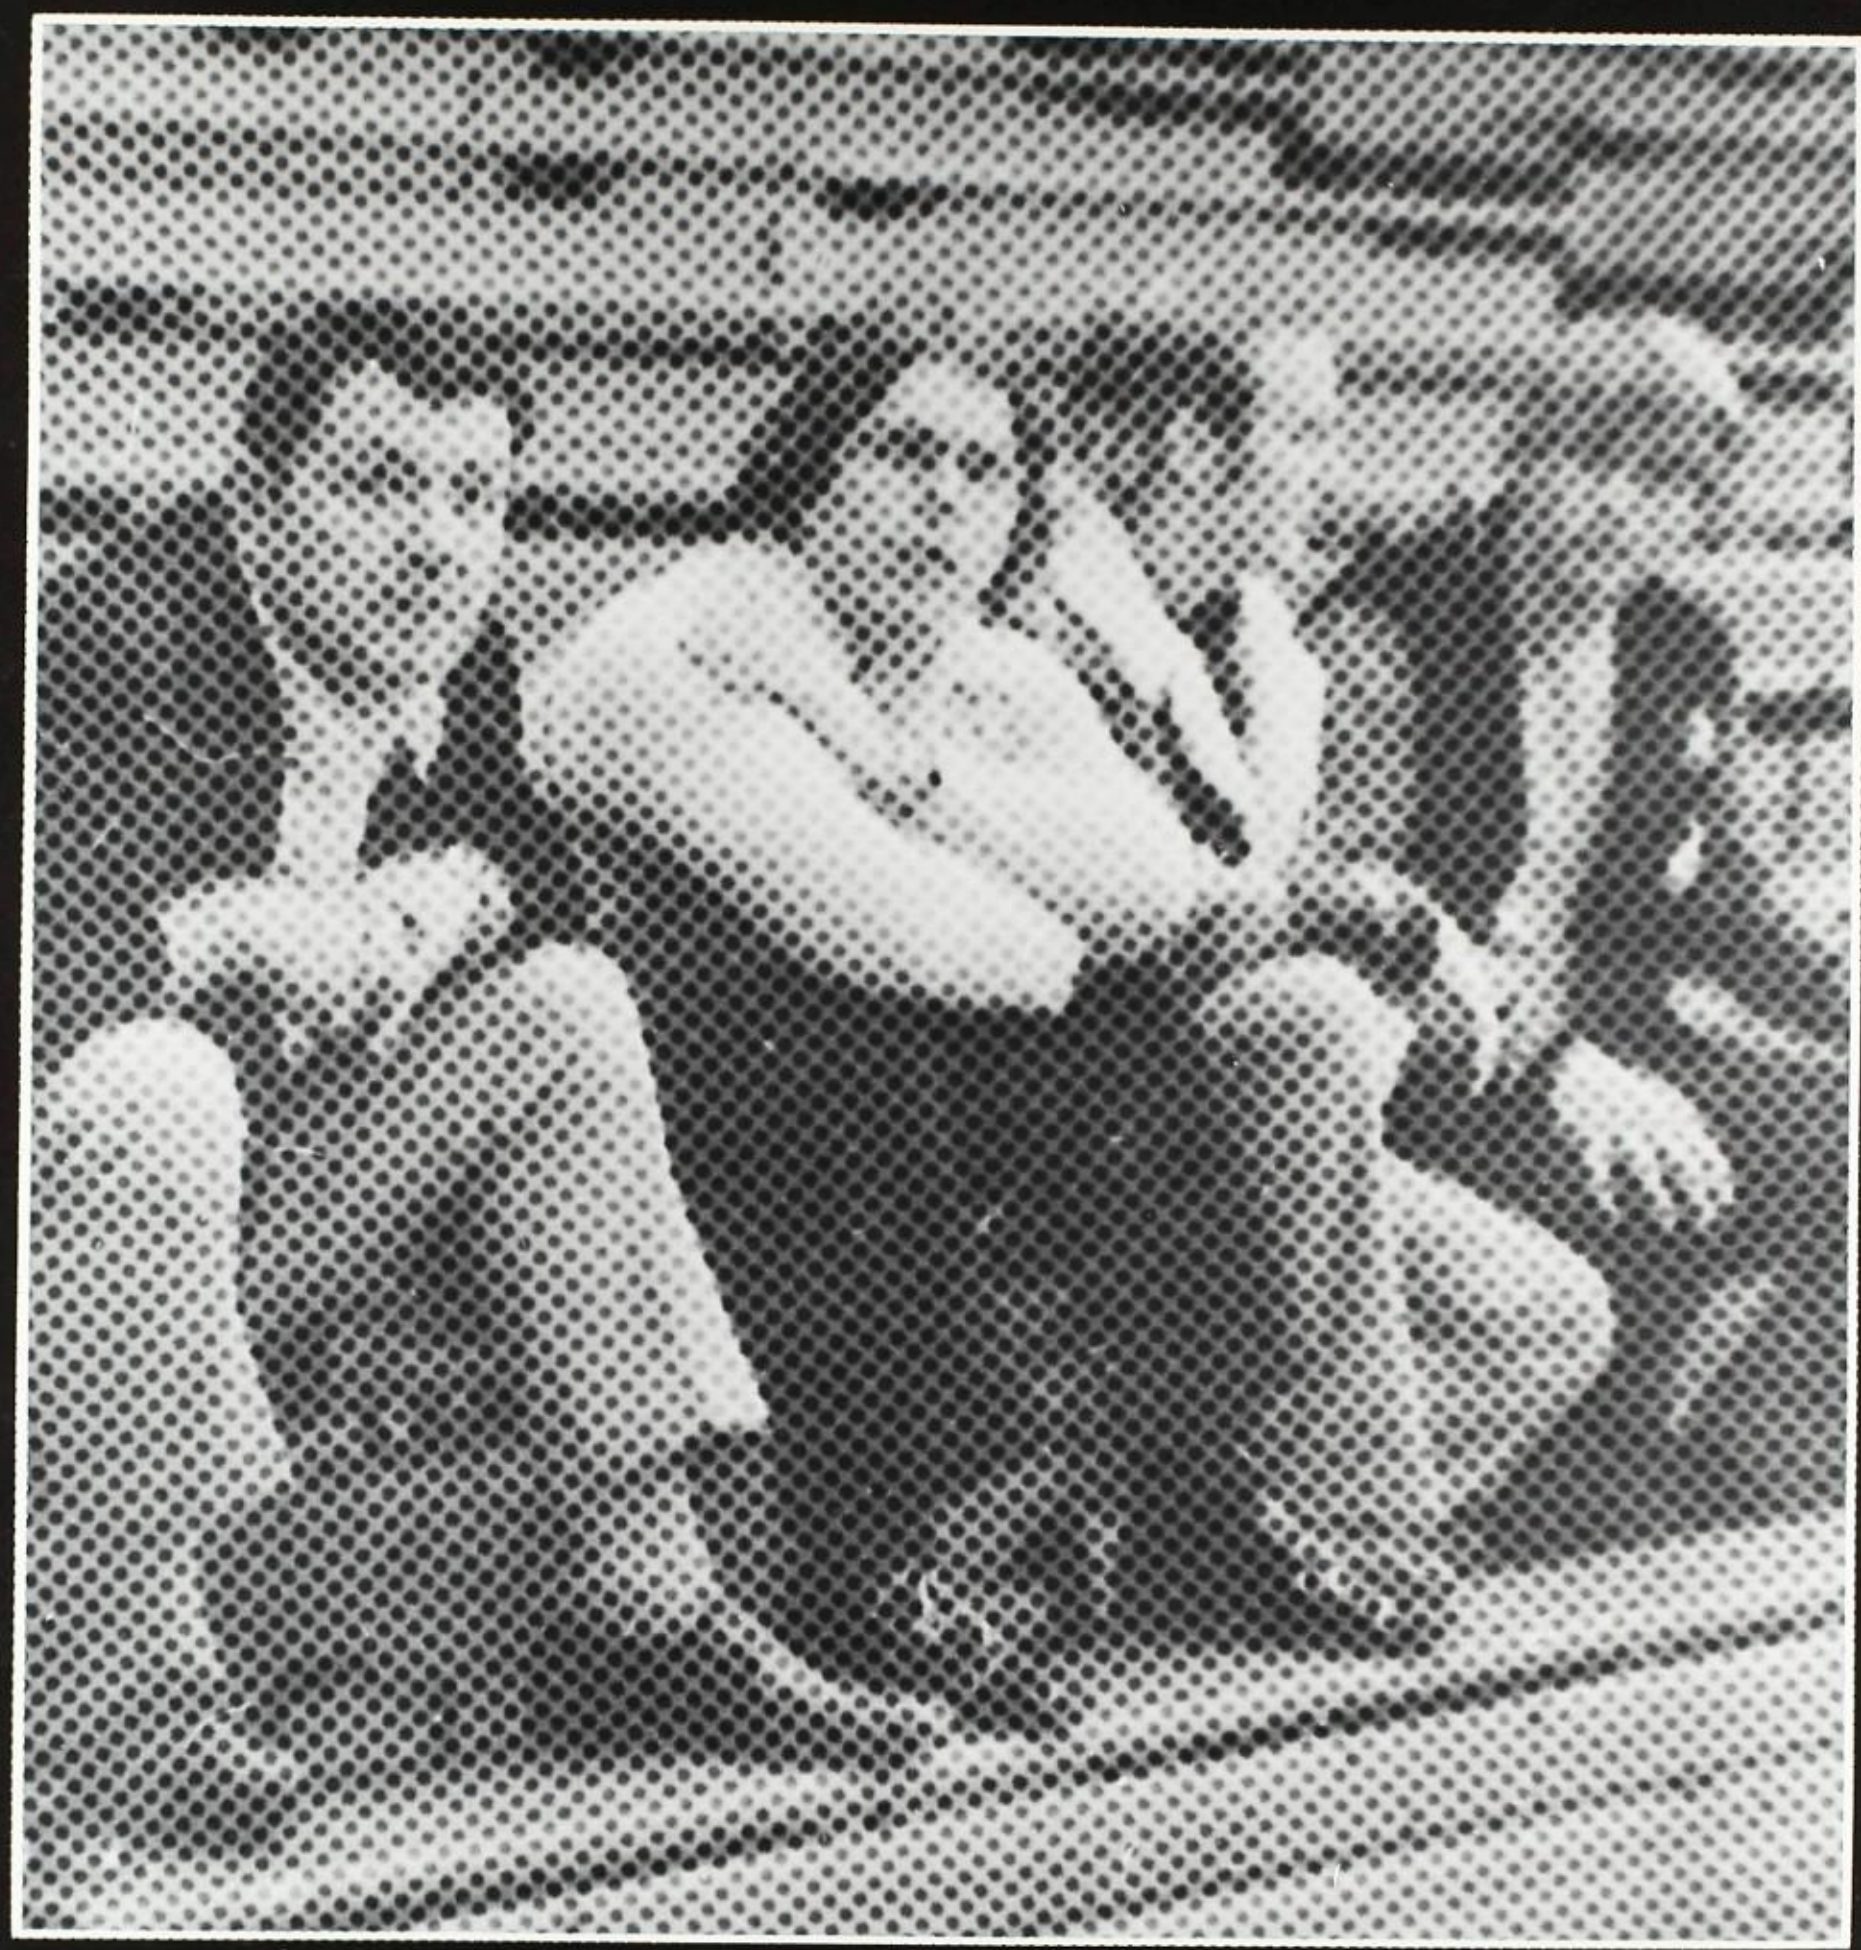
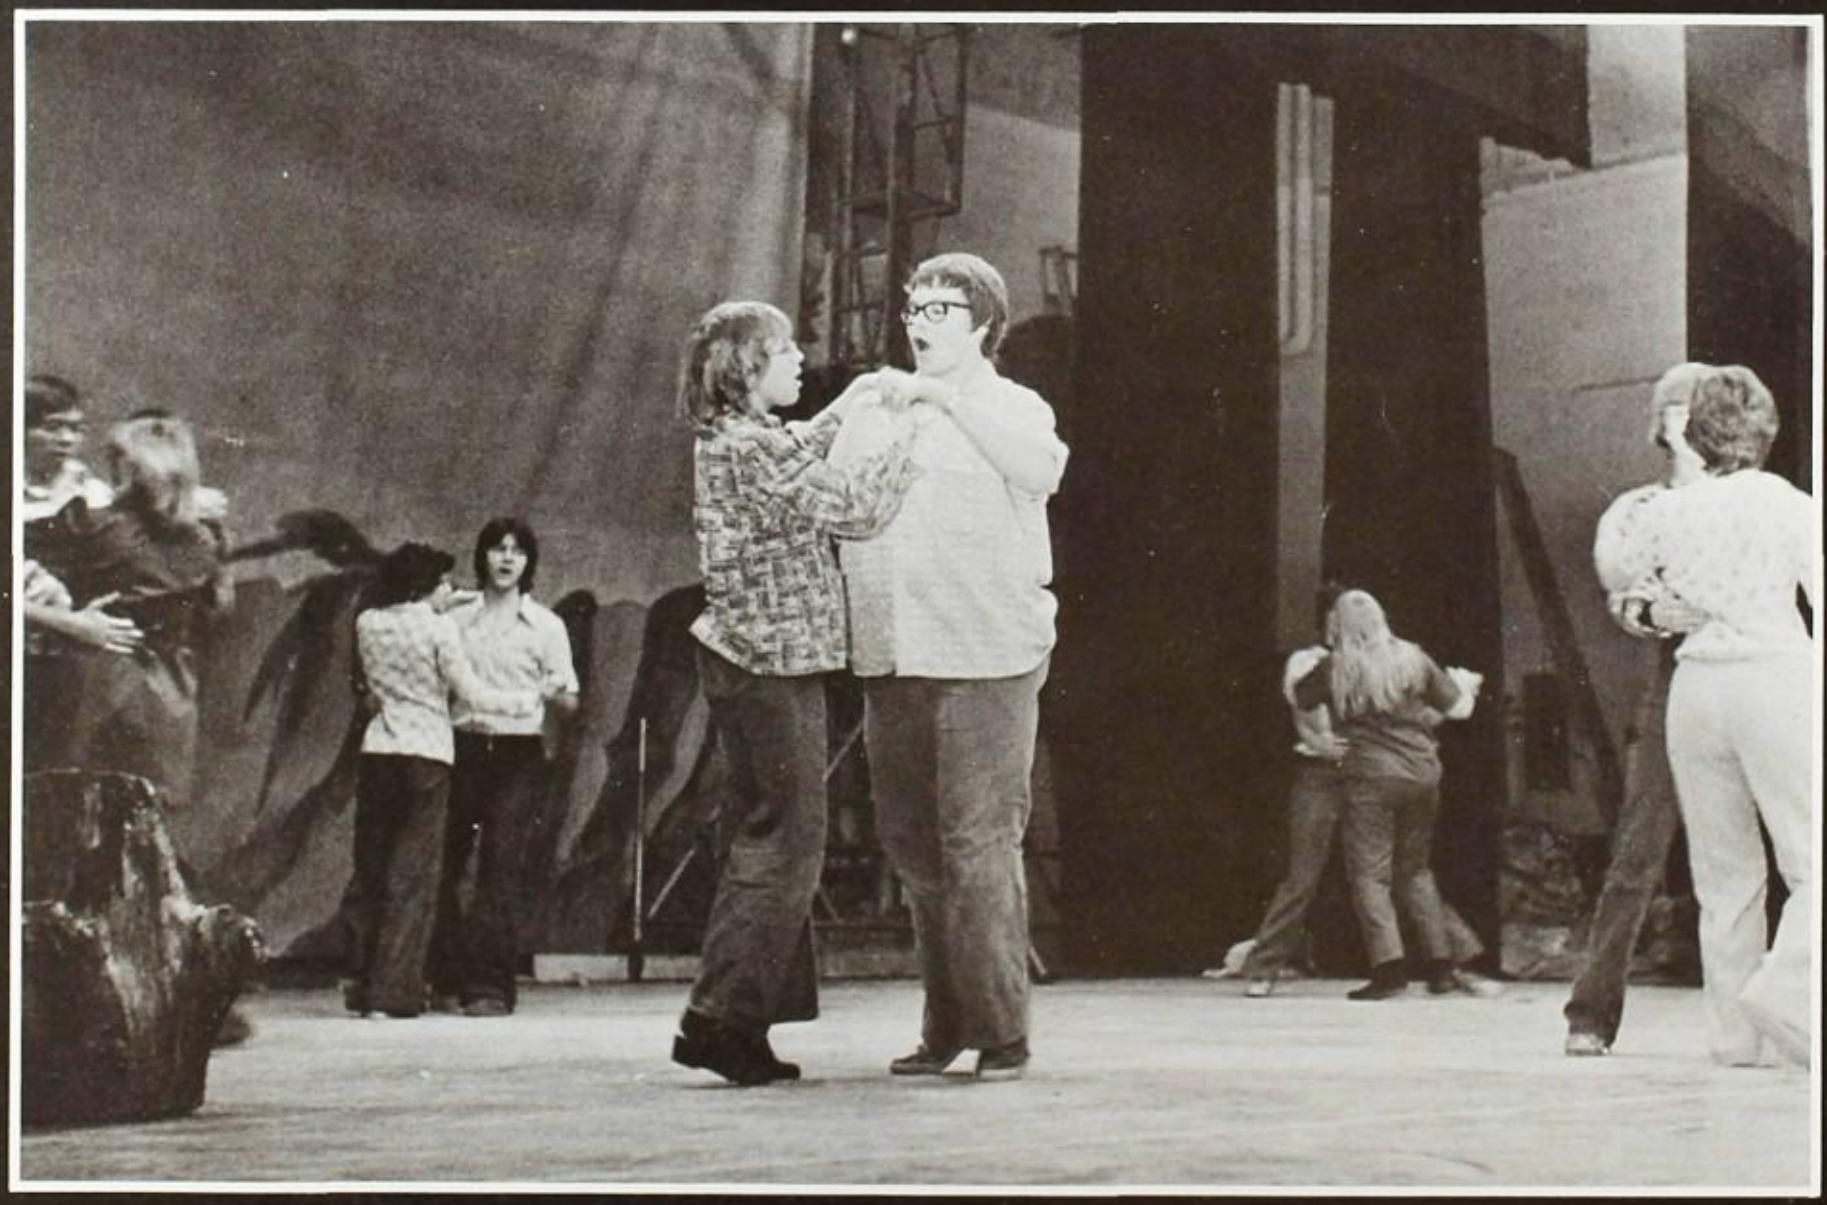
Zimmerman, Sandy 52, 139, 22

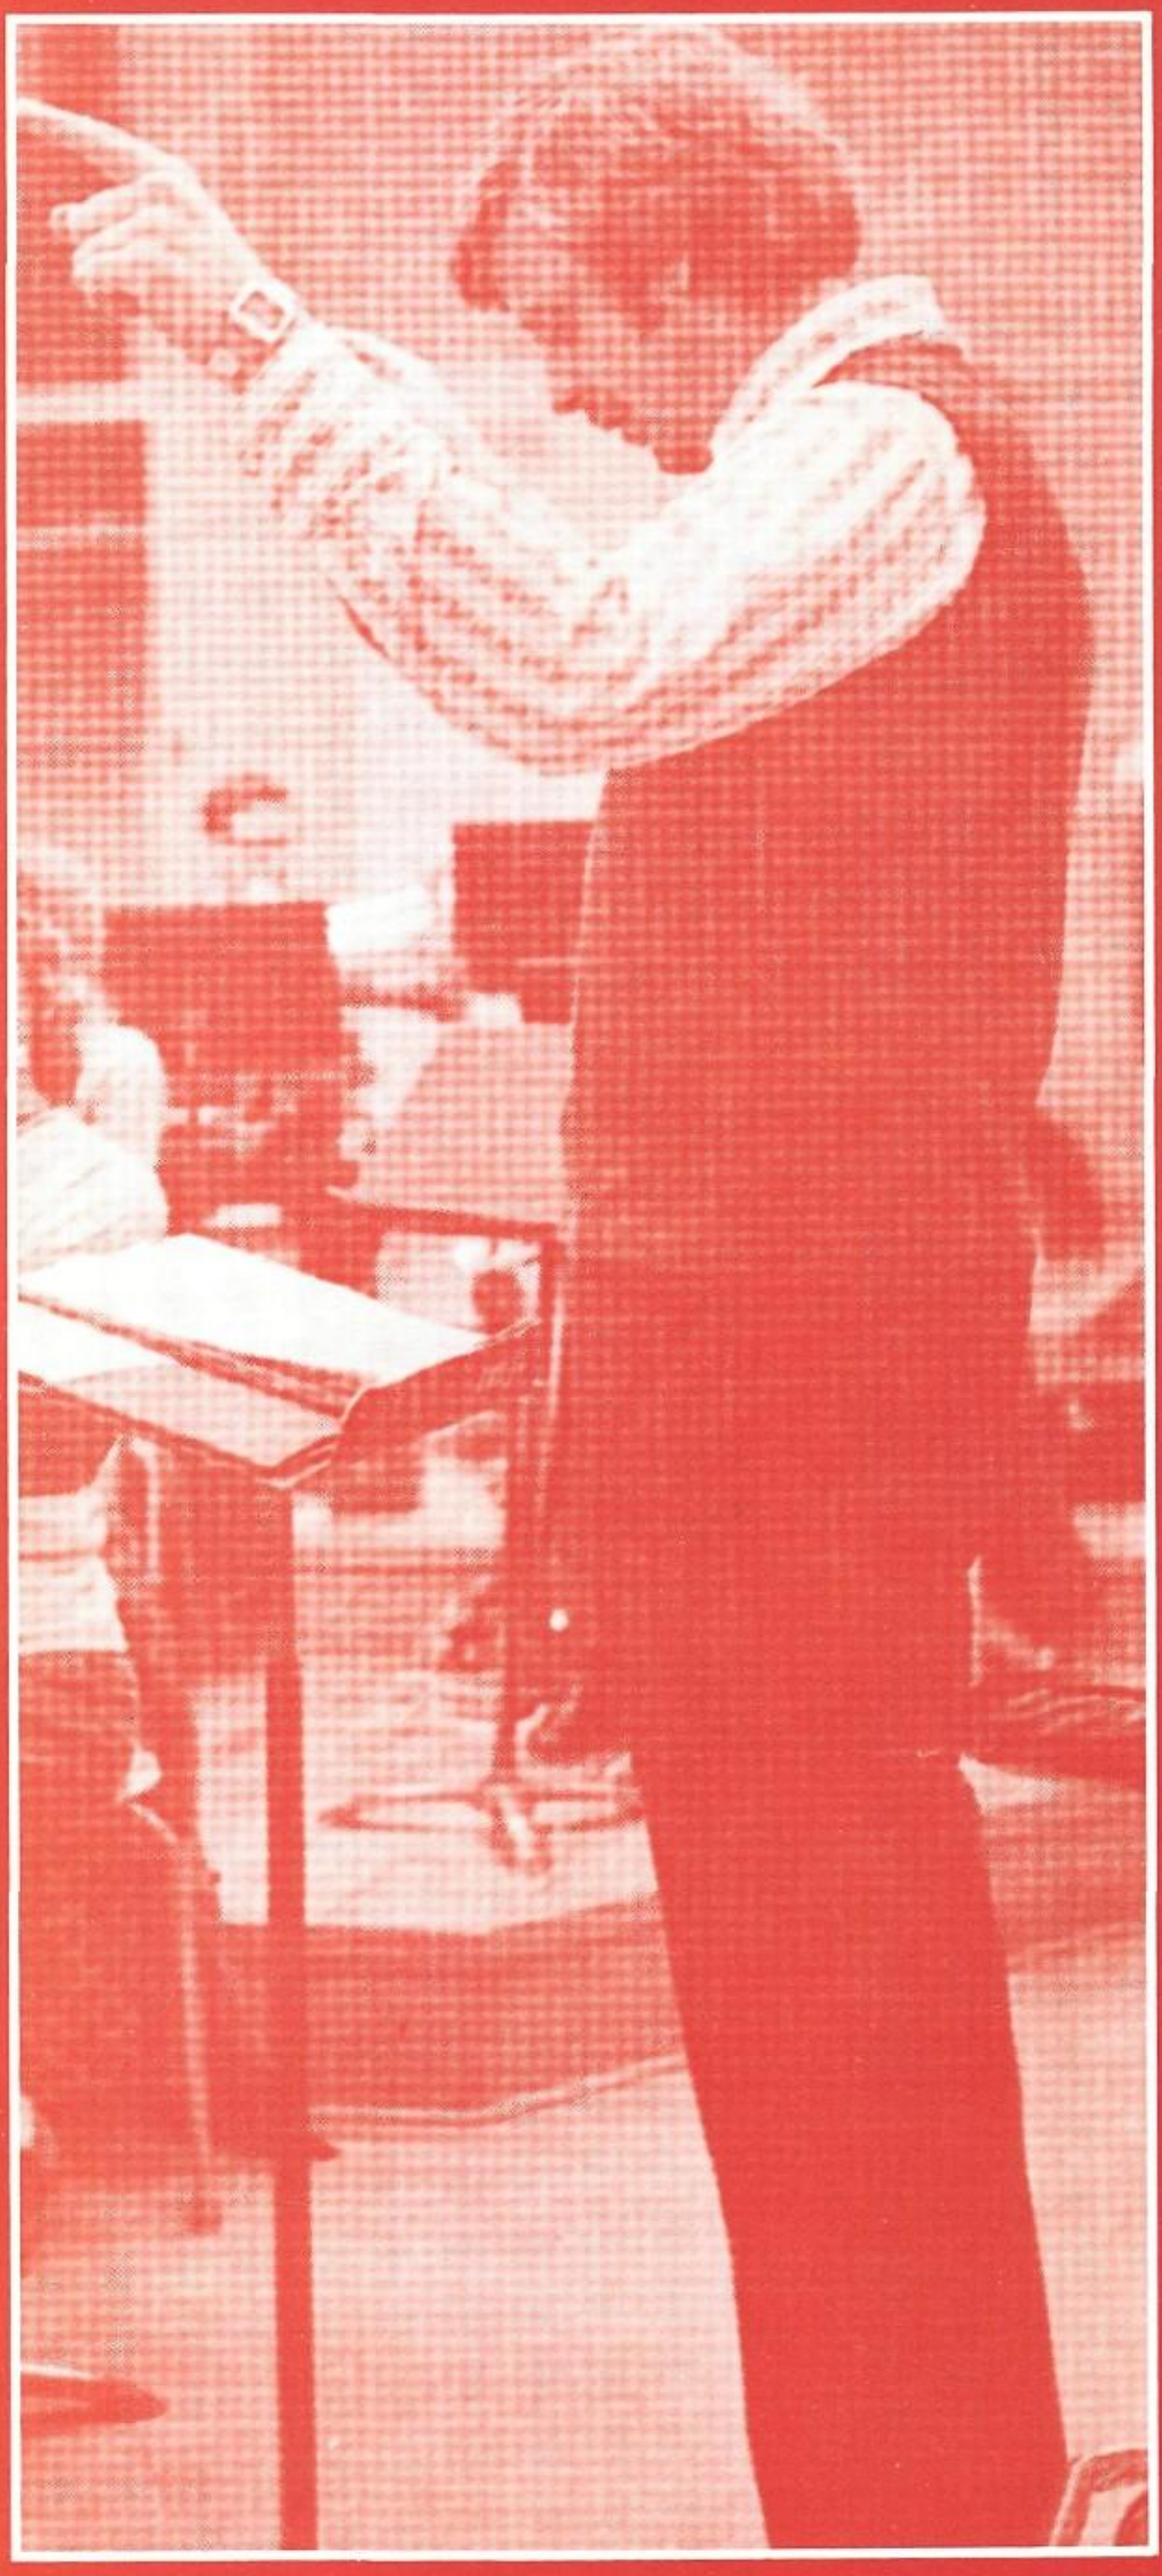


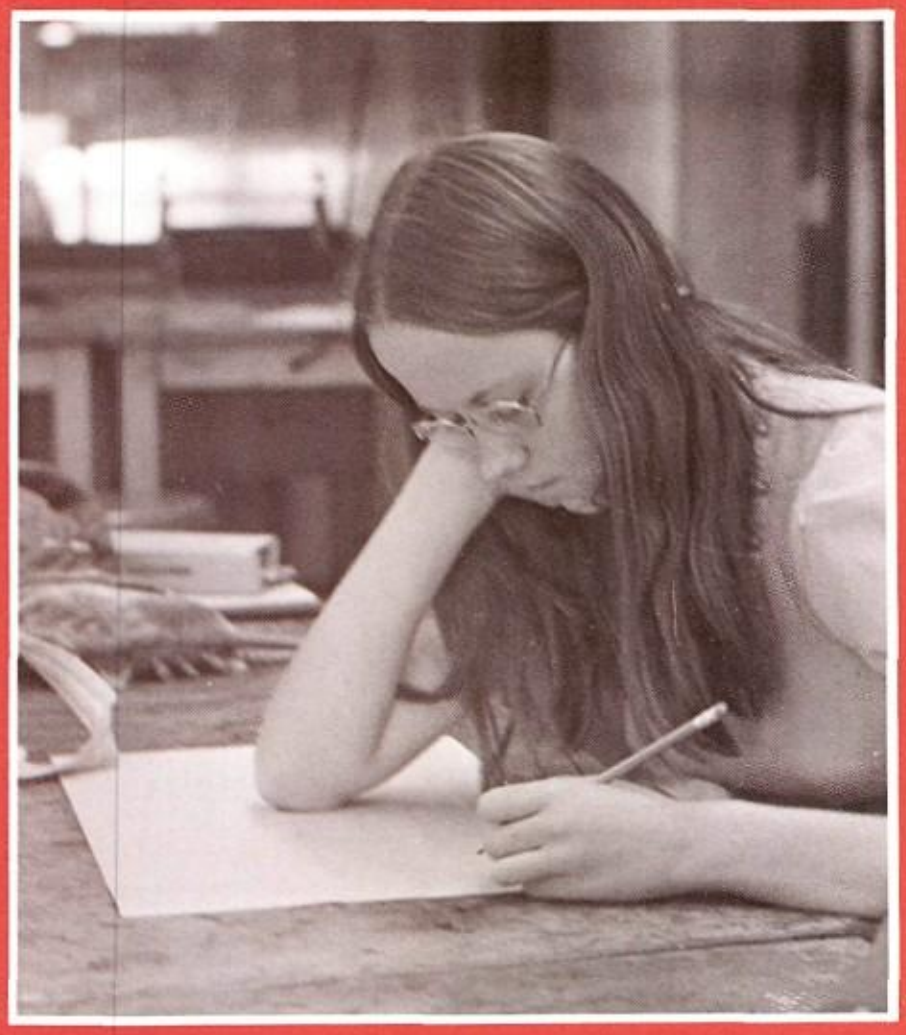
If a man does not keep pace
with his companions

perhaps it is
because he
hears a different
drummer.



Let him
step to
the music
he hears,





however
measured
or far away.

Thanks!

I would like to take this page to thank some people.

First of all, I say thanks to the Yearling staff: Kristy Byram and Becky Harris is Student Life, Vicki Huffman, Kris Achterman and Scott Nelson; Academics, Jeff Reed; Performing Arts and Hubert Hunt and Robin Wagoner, Athletics.

Then there are the lucky people who got to find out what all the kids at Campus looked like. Tamra Jones took care of the seniors, while Deb Johnson and Mike Deaver did the underclasses. (Mike also filed pictures and won the "gopher-go for of the Year" award.

Kim Mann was the one who took care of the index.

Our main photographer was Terry Sprout and his helpers were: David Williams, Darryl Hinshaw, Brad Schlegel and Ken Boote.

Thanks also to our advisor, Mrs. Marcia Longberg. Without her, I wouldn't be writing this.

There are others too numerous to mention who picked up ads, filed pictures, etc.

And last, but not least, Miss Donna Bicknell, art teacher who is responsible for the cover, Mr. Don Nutt, Denmark Studios and Mr. Don Layton, CHS principal.

You're a really
cool person! If you ever
wonder who I am just
remember the Fr. in your
English class who taught
you were a freshman
Luck always
